ZONCARE ECG 3 CHANNEL

The ZONCARE E10 is an advanced 3-channel ECG machine designed to deliver accurate and comprehensive cardiac diagnostics. With its state-of-the-art technology and clear display, it provides precise recording of electrocardiograms, enabling effective analysis of heart rhythms. Equipped with user-friendly features and intuitive controls, it simplifies the ECG acquisition process, ensuring ease of use for healthcare professionals. The ZONCARE E10 - 3 Channel ECG Machine: A reliable and efficient solution for cardiac monitoring, supporting healthcare providers in delivering optimal patient care.

COMEN ECG 12 CHANNEL

Features an ECG review function that can review 10 minutes of ECG waveforms and the 12-lead waveform data printing for any 10 seconds in 10 minutes

COMEN FETAL & MATERNAL MONITOR

The whole machine looks smooth and compact with U shape, which also makes it more beautiful in one go.

Damping axis and magnetic flip touch screen.

The structure is designed with a damping axis to overcome the instability of the old touch operation, while the magnetic design allows the screen and the main unit to fit perfectly.

Keen Ray Dr50M

5.1KW rated power

Light weight design

Foldable arm suitable for X-ray in vehicle, patient house, outside area etc

User-friendly workstation with 15 inch LCD touch screen

Advanced APR function

Advanced Flat Panel technology-Amorphous Silicon

Fast bedside imaging

Automatic image processing

Multiple peripherals including USB, DICOM and burning CD

Cutting-edge image quality

Lanmage Muses 6600A Plus

Easy Operation & Wide Clinical Application. Muses supports examinations on chest, spines, knee, legs, feet, and many other body parts positions.

Zoncare Viv20 Ultrasound

As a brand new generation color doppler, ViV 20 is economical, practical, sturdy, durable, simple and easy to use; Especially integrated with extraordinary image quality and comprehensive function configurations, ViV 20 delivers more-than-expected clinical application experience.

+ Battery
+Gel Heating Cup
W/ 2 Probes (Conves+ Linear)

Portable M30 Color

Portable Color Doppler Ultrasonic System
Slimmer | Clearer | Stronger

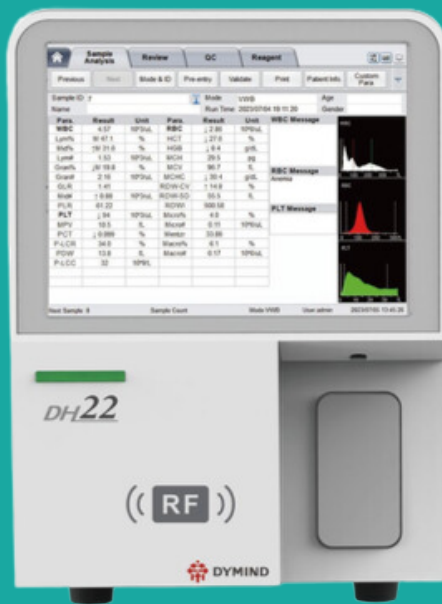

M30 provides remarkable performance in Abdomen, Gynecology (including endocavity), Obstetric, Cardiology, Small parts (Breast, Testes, Thyroid, etc.), Urology, Musculoskeletal and Peripheral vascular. A variety of imaging modes brings a comprehensive clinical application
